FOR IMMEDIATE RELEASE

U.S. GOVERNMENT ISSUED DOCUMENT (I-530) DISQUALIFIES CANDIDATE SENATOR HARRIS FOR VICE-PRESIDENCY. [September 30, 2020]

The U.S. Allegiance Institute issues an immediate public warning that it has obtained documentary evidence from the United States Citizenship and Immigration Services (USCIS) which incontrovertibly disqualifies Senator Harris as a Vice-Presidential candidate for the 2020 Presidential election on November 3, 2020.

Jill A. Eggleston, Director, USCIS FOIA Operations, responded to the FOIA request by the U.S. Allegiance Institute with a copy of INS form I-530 for one Shyamala Gopalan, a record classified as REPORT OF ACTION – NONIMMIGRANT.

This I-530 is a true copy of a U.S. government record held in federal custody at the National Records Center prior to its release by USCIS (DHS). This is irrefutable evidence by the contents therein, that Senator Harris is not a natural born citizen of the United States because both of her parents were not U.S. citizens at the time she was born.

Though Senator Harris was born in California on October 20, 1964, the I-530 reveals that ten days following her birth, the status of the nationality of her mother was legally recognized by the United States government on October 30, 1964 as Indian. Thus, Ms. Gopalan's allegiance was to the sovereign nation state of the Republic of India. Additionally, Kamala Harris' father was not a U.S. citizen when she was born (he was a citizen of Jamaica) resulting in inherited allegiances to India and also to Jamaica.

By virtue of both parents not being U.S. citizens at the time she was born, Senator Harris does not have sole-allegiance to the United States of America as required by Article II, Section 1, Clause 5 of the U.S. Constitution, and therefore is disqualified from holding the Office of Vice President or President and Commander-in-Chief of the Armed Forces.

The following facts affirm this constitutional crisis and thus require immediate action:

- I-530 is a U. S. government issued document as opposed to a state issued birth certificate.
- This evidence demonstrates that we are faced with a national security threat and that Ms. Harris is attempting to subvert and defraud the U.S. Constitution and the rule of law.
- The federal government is required by the Constitution to take immediate action against this fraud and to protect the sanctity of the ballot.

Established in 2019, the U.S. Allegiance Institute is a non-partisan, non-profit educational watchdog organization based in the United States of America dedicated to the full compliance and enforcement of Article II, Section I, Clause 5 of the U.S. Constitution.
